PREFACE

First of all,thanks to Allah SWT because of the help of allah,we have finished writing the report "SITAKOLS" right in the calculated time.

because of that,we would like to thank to all individuals who helps in the process of writing this report.hopefully Allah replies all helps and bless you all.We realize that this writing is still far from perfect,We hope readers give feedback to make our report more perfect
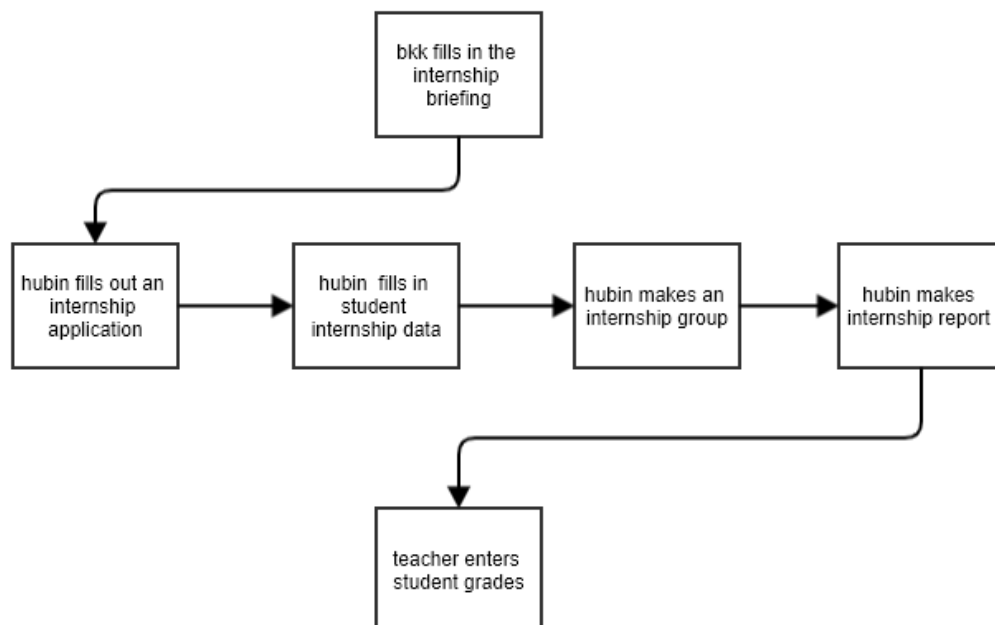

INTRODUCTION

1.1 Background

This application was created to meet user requests who need convenience when they want to arrange letters and carry out internships at their companies
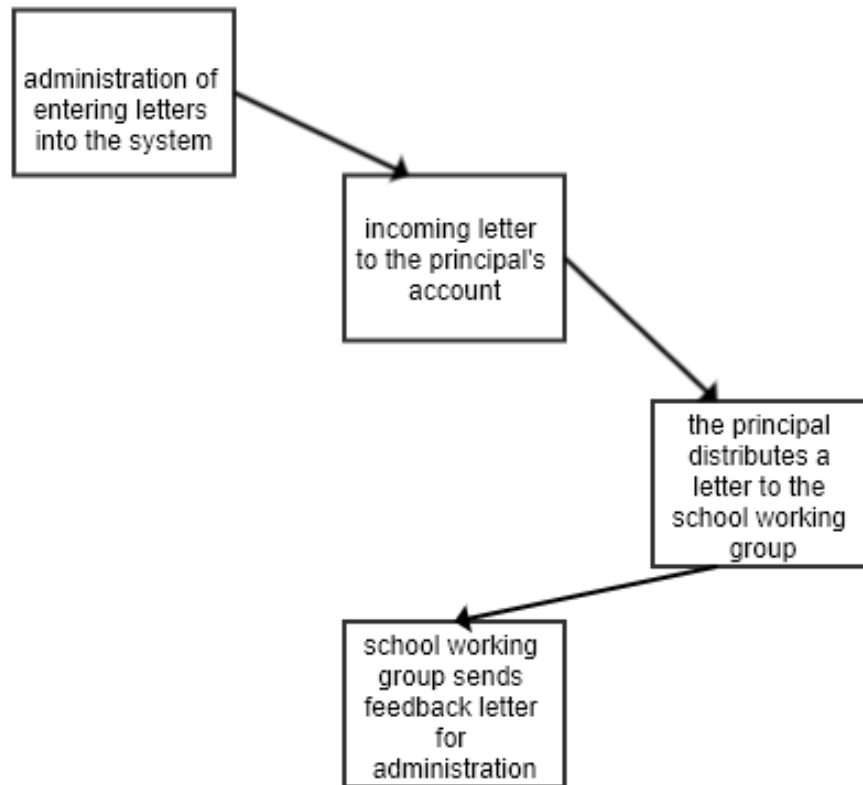

1.2 Purpose

Assisting the hubin field in the implementation of internships for students, and also assisting the school in managing letters in the school

SYSTEM GENERAL DESCRIPTION

2.1 Internship Flow

      │  administration  │
      └──────────────────┘
```

2.3 Benefits

1. The Hubin field can easily monitor student progress during internships at the company
2. Students can easily fill out daily journals without having to use paper
3. The schools can easily make assignment letters
4. The Administrator field can easily send a letter directly to the principal
5. The working group can easily see the letter from the principal

2.4 Conclution

1. Easier to Check in real time data
2. no need to use a lot of paper
